Acknowledgements	7
Preface	8
1 Introduction	9
2 Theoretical Considerations: Health Parameters of Young People from the Perspective of Sports Science.....	13
2.1 Health status, fitness levels and health behaviour.....	13
2.1.1 Health and fitness status	14
2.1.2 Health behaviour: physical activity levels	19
2.1.3 Defining physical activity	20
2.1.4 Assessment of physical activity	20
2.1.5 Recent physical activity recommendations.....	23
2.1.6 Prevalence of young people's physical activity levels	24
2.1.7 The effects of physical activity and physical fitness on health.....	25
2.1.8 Association between physical activity and physical fitness in respect to health	25
2.1.9 Health effects of fitness and physical activity	26
2.2 Health promotion in PE under the perspective of sports science.....	29
2.2.1 Pedagogical considerations: Why health promotion in the school setting? ..	30
2.2.2 Training science considerations: How can PE contribute to children's health?	33
2.2.3 Psychological considerations: Which factors promote a physically active lifestyle?.....	38
2.2.3.1 Theories and models used in behavioural and social science research....	39
2.2.3.2 Modifiable determinants of physical activity behaviour.....	42
2.3 Chapter summary	51
3 Current Research: School-Based Physical Activity Interventions	53
3.1 Existing reviews and meta-analyses on health promotion in the school setting	53
3.2 A systematic review of international studies.....	56
3.2.1 Method	56
3.2.1.1 Selection of studies	57
3.2.1.2 Data extraction	59
3.2.1.3 Criteria of methodological quality	59
3.2.1.4 Analysis of selected studies	60
3.2.2 Results	62

3.2.2.1	Aims and design of the interventions	62
3.2.2.2	Methodological quality	65
3.2.2.3	Effectiveness of the interventions	73
3.2.2.4	Effectiveness of specific groups of interventions	75
3.2.2.5	Effects of psychological mediators	77
3.2.3	Discussion of the results	78
3.3	School-based intervention studies in German language countries	81
3.4	Chapter summary	89
4	Intervention Study: Development and Evaluation of HealthyPEP	90
4.1	Objectives of the empirical study	90
4.2	Development of HealthyPEP	91
4.2.1	Scientific considerations for the design of HealthyPEP	92
4.2.2	Description of HealthyPEP	97
4.3	Evaluation of HealthyPEP	105
4.3.1	Study methods	105
4.3.1.1	Study sample	105
4.3.1.2	Study design and procedure of the data assessment	105
4.3.1.3	Measures	110
4.3.1.4	Data analysis	124
4.3.2	Study results	127
4.3.2.1	Preliminary analysis	127
4.3.2.2	Process measures	131
4.3.2.3	Intervention effects	138
4.3.2.4	Additional analysis	160
4.3.3	Interpretation and discussion	167
5	Summary and Perspectives	178
